

Moticam X5 PLUS

WI-FI CAMERAS

Turn your microscope into a Wi-Fi station and share your images with up to 6 devices at the same time. Simply logon with your tablet or smartphone and get ready to capture, edit and store your microscope images with the free MotiConnect App.

The Moticam X5 Plus transfers live images up to 30 fps and captures images at 4.0MP. It also allows you to integrate it to your own network either via Wi-Fi or Ethernet cable, allowing more users to be standard Motic Images Plus Software for computers.
